7. Product Image Carousel on home page

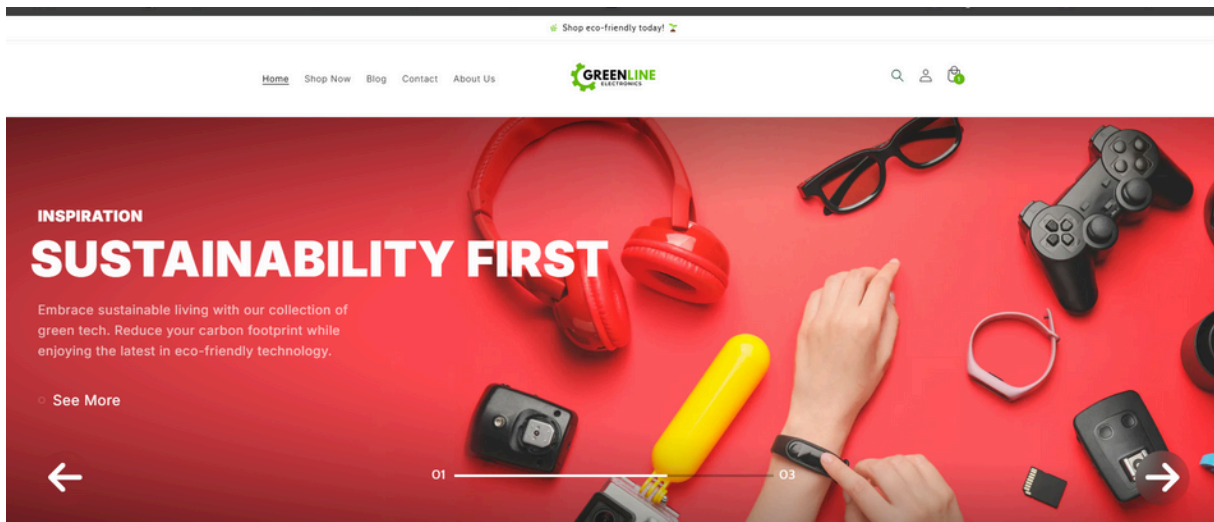

8. Described key eco-friendly features and product benefits.

9. Created a reviews section and added dummy content

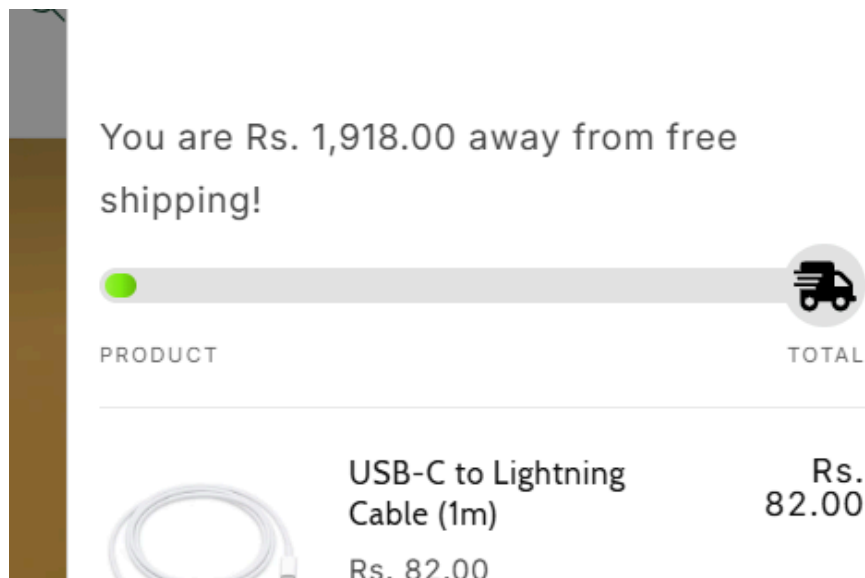

10. Created FAQ Section

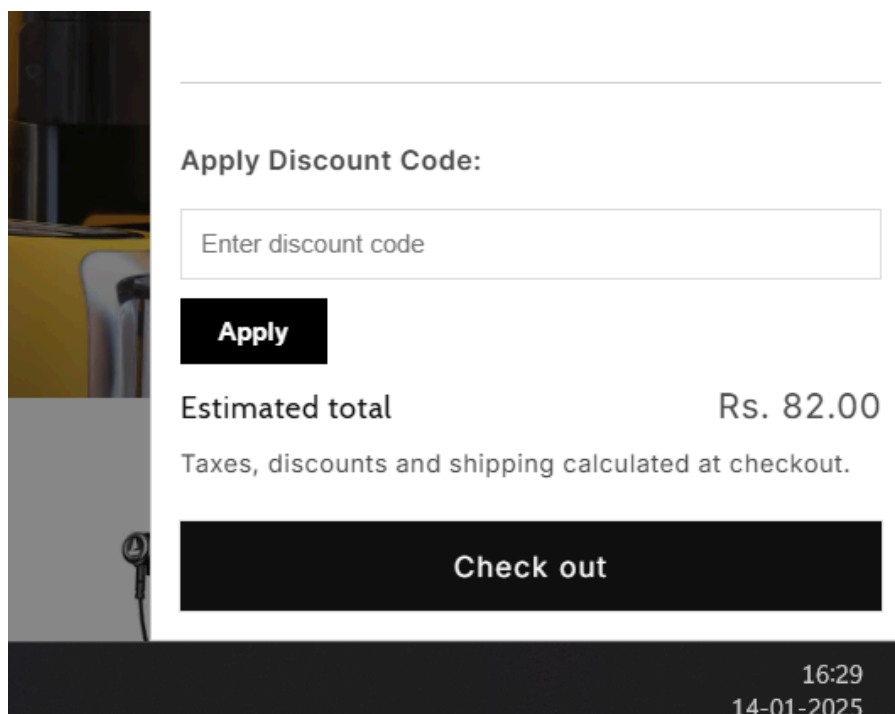

11. Free Shipping Progress Bar:

- Implemented a dynamic progress bar based on cart total.
- Displays the percentage of the total needed for free shipping.

11. Added functionality to apply coupon codes during checkout.

The image shows a checkout form UI. It includes a section for 'Apply Discount Code:' with a text input field labeled 'Enter discount code' and an 'Apply' button. Below this, the 'Estimated total' is displayed as 'Rs. 82.00'. A note states 'Taxes, discounts and shipping calculated at checkout.' At the bottom, there is a large black button labeled 'Check out'. The footer shows the time '16:29' and the date '14-01-2025'.

Apply Discount Code:

Enter discount code

Apply

Estimated total Rs. 82.00

Taxes, discounts and shipping calculated at checkout.

Check out

16:29
14-01-2025

12. Added 5 products , Included product details like images, descriptions, and prices.

13. Integrated a third-party API into the store to fetch real-time exchange rates and display product prices in two currencies (USD and EUR)
